Report for the year 1928.

IN presenting the ANNUAL REPORT and STATEMENT OF ACCOUNTS for 1928 the Committee consider that the subscribers and supporters of the Hospital have much cause for thankfulness and gratification. Not only is the financial position of the Hospital very satisfactory but the Committee are proud to report that their efforts to keep the Hospital thoroughly up to date continue to meet with marked success. It will be remembered that the big effort last year was to provide the X Ray installation which is still proving a most useful addition to the efficient working of the Hospital and is materially aiding the Medical Staff in the diagnosis of surgical and other cases. The big effort this year was to instal Central Heating which was so much needed especially in the theatre. This is proving a great boon and, thanks to the generosity of many friends, the whole cost has been defrayed, and a full Balance Sheet is included in this report.

The number of Patients admitted was 123—64 males and 59 females—making an aggregate residence of 1950 days, being an average of 16 days per patient. Compared with 1927 this is an increase of five patients and a decrease of 121 days—the Hospital being closed during August for the installation of the heating apparatus fully accounts for the decrease.

The income was £831 17s. 8d. (1927, £816 1s. 4d.) and the expenditure £725 0s. 6d. (1927, £750 7s. 7d.).

Thanks to the indefatigable efforts of the Honorary Secretary, Mrs. Roper Tyler—who again provided a most enjoyable tea for the collectors and helpers—the House-to-House Collections have been very satisfactory, the amount received being £55, and the Committee tender thanks to all subscribers and collectors.

The Egg Collections have resulted in 840 eggs being sent in, and the Committee wish to thank all who have by this means contributed so usefully to the maintenance of the Hospital. The Grammar School's contribution (417) has again materially augmented the numbers, and Shipton Moyne (351) has contributed very liberally.

Tetbury Show Tea Tent.—After allocation of £15 to the South Cotswold Nursing Association there was a balance of £56 13s. 0d. from this source. Very sincere thanks are offered to Mrs. R. Rich for her able organisation, and to all who kindly helped to make the tea such a success.

The Church Collections amounted to £68 3s. 4d. This is a most acceptable contribution to the Hospital funds, for which the Committee are very grateful.

A large number of very useful gifts have been received during the year and many generous donations. The Committee specially welcome donations from the Gloucestershire Constabulary Sports Committee, the Wilts Constabulary Athletic Association, and are very grateful for most generous contributions from the Hospital Dance (per Mr. Braine and Mr. Ted Brown), Fancy Dress Dance (per Mr. G. Clifford), Mr. S. Allies' Sunday Concerts,

Long Newnton Cricket Club and the Badminton Village Club. It is gratifying to be able to report that the donations exceeded the generous record of 1927. Also that the Church and House-to-House Collections show an increase, while the money boxes at certain Institutions and Shops have nearly doubled themselves thanks chiefly to the performing dog "Judy" at the Eight Bells Hotel.

The Committee tender their sincere thanks to their Chairman, Honorary Treasurer, Honorary Secretary, and the Medical Staff for all their devoted and untiring work for the Hospital and its welfare.

To their Matron the Committee gratefully acknowledge their indebtedness for her work in all capacities; her duties are ever increasing and she and her staff carry them out most efficiently, loyally and faithfully.

The working of the Hospital during the year 1928 has been one of happy united effort for the good of its inmates, and the testimonies of appreciation and gratitude so constantly received bear witness that the Hospital is fulfilling its purpose to the best of its ability.

1. The Tetbury Cottage Hospital is intended for the benefit of persons resident in the neighbourhood, who may be suffering from accident or disease, and who cannot be adequately treated in their own homes.
2. All property of the Hospital shall be vested in Trustees, not less than two in number, who shall be appointed at a General Meeting, and shall hold office for life.
3. The Management of the Hospital shall be conducted under the advice and assistance of the Medical Officers, by a Committee, who with the President, Vice-Presidents, Hon. Secretary and Hon. 4. A General Meeting of the Subscribers shall be held early in every year, at which the Committee shall present a report of their proceedings during the year ending the 31st December preceding, and a statement of accounts.
5. The Committee, three of whom shall form a quorum, shall hold a meeting at the Hospital regularly every month on a stated day and hour, as they shall themselves arrange in their by-laws. Any member of the Committee who fails to make three attendances during the year automatically ceases to be a member but is eligible for re-election.
6. The Committee may, if they think fit, appoint Sub-Committees, answerable to them, to deal with matters connected with any department of the Hospital management.
7. The Medical Officers must be duly registered and qualified to attend both medical and surgical cases, and shall be appointed at a General Meeting only.
8. The Matron shall be appointed by the Committee, upon such terms and conditions as they shall think fit. She shall be responsible to the Committee for the general management and control of the Hospital, but subject always to the directions and advice of the Medical Officers as regards the treatment of patients.
9. A Subscriber of not less than 10s. 6d. a year shall be entitled to recommend one patient for each 10s. 6d. subscribed.

13. Patients may, with the consent of the Matron, be visited by their respective Ministers of religion at any reasonable time.

14. Patients shall be required to contribute towards their maintenance and treatment, and the amount of their payment shall be decided upon by the Committee, who shall also adopt such procedure as they think necessary to insure the payment being duly made.

15. Any patient who at the time of admission shall be under the treatment of a medical man not connected with the Hospital may be placed under his charge, if the patient so requests, with the knowledge and consent of the Medical Officers of the Hospital.

16. Persons suffering from infectious diseases, or in whose case there is no prospect of permanent relief, are not admissible. The Medical Officers shall decide in any doubtful case whether the persons concerned come under these disabilities.

17. The Medical Officers may, with the approval of the Committee, charge for an operation performed in the Hospital. They shall notify any such case to the Hon. Secretary, in order that it may be brought before a meeting of the Committee.

18. No alteration or addition to these Rules shall be made without the sanction of a General Meeting, but the Committee shall have power to make any by-laws they think necessary for the management of the Hospital.

19. A Special General Meeting shall be called by the Hon. Secretary upon receipt of a written request signed by not less than ten Subscribers.

The above Rules, as revised, were adopted at a Special General Meeting, held at the Town Hall, Tetbury, on Thursday, March 14th, 1918.
